2. Chapter 2

Hiccup POV

_**A**_s i walked out of Berk academy high school (B.A.H.S) , I am still red as a Shepard's pie from the passionate kiss me and Astrid shared that we had in front of everyone . As i head to my car i see her in all of her divine beauty as she pass in her mum car. She me and blows me a kiss. just then i freeze in my tracks think about the day i saved her.

FLASHBACK

_A_s i walk back on the dirt path thru the forest from my special place named "the cove" i am in tears still crying after Snotlout new attack on me, and fresh blood over my shirt from the new self inflicted cuts on my arm because all of Berk hated me even my dad the only person that loved me was mum and my dog toothless . As i reach the end of the forest i see black smoke and flames pouring out of a house. The black smoke is rising so fast that its blocking out the sun, just then i realized that house on fire was Astrid house and i sprint as fast as i could to the raging inferno.

As i sprinting down main street Berk i hear the sirens of the B.P.D (Berk police department) and B.F.D (Berk fire department) racing to Astrid house. As i arrive to the inferno i find a hysterical Miss Hofferson support by Mr Hofferson, Miss Hofferson scream out "My daughter is still in there" and breaks down and start to cry.

I knew what i had to do.

I jump over the police barrier with out them notice me and then sprinted to the fire truck, i start to open container's just to my luck i find a breathing mask and fireman jacket. Just as i was putting the mask on i hear the cop yelling to me "HEY KID STOP, GET BACK HERE" but its all ready to late as i running in to the inferno.

I was inside the house , i think was in living room i believed before the house fire . so i started to check the lower house for any sign for Astrid with no luck so i head up stairs. As i walk up the old stairs i praying to god they would not snap under my weight and i would fall in to a pit of fire , i made it to the top. As i look down the hallway i could see Astrid crumpled up on the floor , so i ran over to her and check for a pulse , she had a faint one so i started to carry her out in a bridal style.

I make down the stairs i herd a creeking sound to see the stairs collapse and a fire pit take over " thanks god" i think to myself, as i turn the corner i see light from the doorway. "Almost there Astrid" i say to her but she still unconscious, just then a creeking sound appears again and i look up to find the support beam snapping i only had enough time to throw Astrid out of the house until the beam fell on me.

I am screaming out in pain and for help but its falling on death ears. I see the beam its trapped my lower left leg. As i am laying there in pain , i just think this is the end of me. I am going to die but i am going to die a hero and start to think about Astrid what i am going to miss out on with her ,until my world went black.

I slow open my eyes to find a pair of ocean blue eyes staring at me.

"Astrid" i say in a groggy voice.

"HICCUP"Astrid screams"your alive and you saved me".

"Just doing my Jo..." I am cut off by a sharp jab to my shoulder.

"Owwwww" i yelp in pain.

"That for scaring me" then she kiss me i feel so alive right now"that for everything else".

After coming off my rush i fell that some wrong with me ,"Astrid where my left leg"

"Hiccup during the fire you got pinned to the ground by a beam, when you got here to the hospital they tried to save it but it was to far gone" she hesitated "hiccup sorry your leg is gone" then she starts to cry.

I start to hug her "don't cry i got something better that a leg" and raise her head and kiss her

We been together ever since.

END OF FLASHBACK

"Earth to hiccup, hello" my friend jack say.

"Sorry lost in my world" while grinning

"I see, Hey you coming tonight" he ask me

"Yup, all the gear there fool at my House" i say in a sassy way he

wont pick up.

"Oh yeah see you tonight" as he walks away

I get in my car and look at the sun reflector with a picture of me and Astrid , i just think to myself " i love this girl and no one can break us" i smile that this and turn on the car and drive home.

3. Chapter 3

HICCUP POV

_**I**_was pulling up my driveway when my phone started to ring, i check my phone to find who was calling me it was Astrid calling i answer the phone.

"Hello" i said to find Astrid reply.

"Hey babe, i am done in town so mum will drop me off in 15 minutes"

"OK milady, i will see you soon" i hung up the call and head to the front door of our two story house.

As i open the front door i am tackled to the ground by a big black beast and licks me all over my face. "Toothless, you know that does not wash out" toothless is my best friend, he is a big black German Shepard and has green eyes like me. He gives me one of his trademark smiles and saunters over to the couch and falls asleep.

Just then i am greed by my mother , Valka "hi son, how are you".

To my reply "hi mum,i am good thank you , hey where dad?"

"Dad is running late...again" she gives me a worried look "that place will be the death of him, anyway he is bring pizza home tonight so if Astrid wants to stay dinner , give me a heads up so i can tell your father to buy more pizza"

"OK mum,thank you"i gave here a smile "hey mum Astrid coming early tonight and i am just going to be in the shower , so when she arrives can you send her up please"

"OK son" she said and gives me a smile

"Thank you" then i run up the stairs and head into my bedroom and then into the on suite bathroom .i get changed and hop in the shower and clean my self up.

ASTRIDS POV (**XD**)

I arrive at hiccups house and knock on the door, i hear toothless barking like mad "silly dog" i think to my self. Just then the door opens and i am greeted by miss haddock.

"Hello miss haddock" i say in a polite voice "is hiccup home?"

"Yes he is ,come in please" as she move aside "can i get you anything"

"No thank you miss haddock" giving her a smile

"Ok dear, hiccup just in the shower you can go wait for him in his room" she said " and please call me val"

"OK mis... Val, thank you" i give toothless a pat and run up stairs to hiccups room, i enter his room and i can hear him singing so i have a look around his room.

His room is not as big as mine but very neat and tidy not like mine , i only been in his room a few times but i know where everything is. I walk over to his desk by the window and see what he has been drawing, i see crazy drawings of new inventions and a few other things and a few of me. As i am look at these very detailed pictures of me i hear the on suite bathroom door open.

The door opens to a young man with a nice six pack of abs and small mounds of muscle on his arms and scars all along his chest from the fire. I begin to drool all over my self

"Astrid,your here" he says and gives me a look and waves his hand to get my attended "earth to Astrid , hello"

I snap out of my daze "oh hi babe , sorry i was looking at my sexy boyfriend"

"Right...anyway" he replied " i just get changed and we can talk about the songs ok" he heads over the draws and gets some cloths " the song list is on my bed side table OK , i be right back" he walks in to the bathroom and closes the door .

I walk over to his bedside and look for the list, i find it and start scrolling threw the list , the songs are good choice but there one highlighted in yellow with my name on it , just then hiccup walks out of the bathroom.

"Hiccup why is there a song with my name on it" i said in a worried voice

"I want us to sing it like a duo" he give me a smile.

"No" i say bluntly

"Please Astrid , you have a amazing voice, i love it and i bet people will love it ... Please" and he gives me those puppy eyes .

"Hiccup no... OK fine for you babe" i say as i give in

"Yessssssssss" he says as he fist pumps the air.

"OK babe , can we talk about the other song we going to be playing at prom before the others arrive" i say

"OK babe" he sits down beside and gives me a kiss on the check and we discuss the song.

*******_TIMESKIP*_**

Hiccup pov

"Guys i think we are ready for prom next friday " i say with grin on my face , just then jack reply " were the BLOODHOUNDS of course we are"

The BLOODHOUNDS is our band , all of Berk has herd of us and they love us , even we have a small following on YouTube. The band consistent of me as vocal, Astrid as back up vocal and main, merida on bass and jack on drums.

"I cant wait for it" merida say in her Scottish accent "we will rock"

"OK guys , i am calling it so homework is learning all those song by prom" i say and i get a few groans back " i know guys we all ready know most of the song but it can hurt to know them OK"

I get a few grunts but i hand out the lists and say our goodbyes.

I take Astrid by the hand and say " hey want to stay here and watch a movie with me , i have popcorn ?"

"That sounds nice... Hold on" Astrid's phone went off "its a text from snotlout"

"Snotlout" i fell my blood boiling "what did he say" while i griping my fists

"He invited me to a party" she says.

4. Chapter 4

_"_ What party" i feel the anger boiling inside of me.

"Babe" Astrid say while grabbing my hand " I don't want to go, i rather spend time with you but i have to"

"Babe... I will be fine, if anything goes wrong i will text you, trust me" she say with a smile.

"OK" i give her a kiss on the forehead "but at lease let me drop you off"

"That is cool" she gives me a peck on the check.

We are walking out the door when i yell to my mum "Mum dropping Astrid off be back soon".

"This is Move FM on 140.85 FM , this is your host MADDOG and here a new tune from berks favourit band the BLOODHOUNDS doing a cover of blacklistt home,enjoy".

Me and Astrid love this song and we start to sing along to it.

TIMESKIP

The song ends just in time to reach Snotlout house. I can see the party is in full effect.

"Now about that milk" i think to my self as i turn the car on and head to the shops.

Astrid POV

As i am walking to the front door , i turn around to still see hiccup there i give him a quick wave before i am in the house. The party is in full effect i see everyone from school is here, just then i am greeted by ruffnut.

"Hey Astrid" she say in a slight drunken voice "where fishbone"

I hated when people still called hiccup names , even after he saved me and he was a hero , but no the twints and snotlout still called him names , he did not mind because he had me to support him.

"He is not coming , no one invited him" i say in a sassy way " and do not call my boyfriend names or i will knock you out"

"Whoal chill astrid" tuffnut , ruffnuts twint brother says "have some mead"

"No thank you" while holding my hand up " i don't want to do anything dumb"

"I thought you were fearless hoffersons" ruffnuts say in a mocking voice.

"Give me that" i take the read cup and down the mead it taste like honey and its nice too.

Then ruffnut get me another one and another one and i down them all

until my world is a blure and i keep blacking out. The only two things i can remembered is a text from hiccup and been taken to a room by a big hunk.

Hiccup POV

"Me and you, had fun night last night babe" he replied, i did the only thing i knew.. ...I knock him out and got dress and ran home,With one thing in mind ... HICCUP.

Hiccup POV

I woke from my slumber from my phone with a loud sound , it was a text from Astrid it said "meet me at the food court at the mall in one hour, its important" i replied "OK see you soon x" i hop up and head to the shower to start the day.

TIMESKIP

"So hiccup what the plans today" mum asked me.

"Nothing can break you two, now how will you getting there?" She replied

"I will walk , so i better get going" i give mum a quick kiss before i go. I walk out side to storm clouds rolling over Berk, i hope it does not rain.

timeskip

I reach the mall and i start to head to the food court, but just then i am cut off by the twints.

"Hey hiccup" ruffnut said with a grin "how are you"

"Good" i said with a deadpan voice " now excuse me, i got to go to

meet Astrid"

"Not just yet" ruffnut says "we want to show you something" as he pulls his phone out and plays a viedo

In the instance he showed me the Viedo my world fell apart. Its a Viedo of Astrid giving a lap dance to snotlout , she is naked in front of everyone and then she been drag by snotlout to his room, the recording stops there.

After seen the Viedo i have a great pain in my heart and a burning rage in my chest, as i walked to the food court my pain got more heavy.

Astrid POV

i saw hiccup walking with the twints in tow. He had a painful and anger facial expressions.

"Hiccup i ..." Before i could finish my sentence hiccup butt in.

"Is it true?" He said in cold dead voice.

"Hiccup please" i replied with tear in my eyes.

"IS IT FUCKING TRUE ... WHORE" he yelled so loud that people was stating at us.

"Yes" that all i could say

"I loved you" his anger turned into tears " i tried to give you the world, as best as i could but you jumped in bed with snotlout, i hope you are happy with snotlout and maybe he can do a better job than me" before i could say anything he ran away this left me in the food court with people giving the evils for hurting the hero of berk and the twints grinning.

"I hope your happy and got your daily kicks of hurting people" i say to the twints i get up and chase hiccup.

Hiccup POV

As i run out of the mall and into the cold hard rain i know two things i am now single and heart broken and some is calling me. I turn around to see Astrid chasing me. I look around for a way out, i see a alleyway and i dive in to the shadow. Me and alleyways are old friends. I used alleyways as way of escape snotlout and the twints torment or ... To be alone to cut my arm with out people see it. This was before the fire now i don't use them, but i need it now. Once Astrid passed i slumped down and cried.

Astrid POV

Damit i lost him . just then i realized that i done the worst thing, i had a diamond a beautiful diamond of a man and trade for a ugly rock, that when the tears started to flow lucky it was raining and tears blend in. I knew i broke the man of my life heart for two minutes of lust. I ran home in the rain and got to my room and cried my self to sleep. During my crying i knew what i had to do ... Get hiccup back.

Hiccup POV

I stuck to the shadows and alleyways to make sure i was hidden from people and ... Her , as i reached my house i was greet by my mum but i ignored her and ran up to my room. I lock the door and went to speakers and plug in my iphone and turn on numb by likin park and put the volume as loud as i can. As the song started to play i started to scream and cry , after 5 minutes of crying i look around my around my room i saw pictures of her and me , my sadness turned into anger i started to tore and rip and destroy the pictures in a blind rage, after coming out of my rage i look at the door way and saw my mum. I walk over my speaker and turned it down then i look around my room it was a mess of glass, ripped photos and blood from my hands. I look at mum again.

"Hiccup are you OK , What happend?" She asked.

"She..." I was hesitate "she cheated on me with snotlout"

"Oh hiccup" she walked over to me and started to hug me " i am so sorry if that helps"

That the moment everything hit me and i broke down and cried she held me i kept apologizing for taking her time . she said its "its OK hiccup let it out"

I kept crying until i fell asleep.

6. Chapter 6

Hiccup POV

_**I**_t was a new day, a new life with out...her. I miss her so much that every fiber in my body wants me to go back to her. I just sigh very loud, then i decide to have a shower i enter the bathroom and look in the mirror. I was shocked of what i saw, i must of age 10 years in 1 day, i had red blood shocked eyes , bags under my eyes , and my stubble had growen. I look more 27 than 17. I clasped my head into my hands to find fresh bandages on my hands. Mum must of apply them while i slept, i take them off to see the extent of the damage from my rage, the cuts were ranging from small cuts to deep cuts. I was shocked but i just remembered why i sighed heavy and hop in the shower.

time skip

It was almost noon when i was on the couch watching TV and nothing good was on, honestly i was just wallowing in self pitty that untill my mum saw me.

"Hiccup" she said "its a lovey day, how about you take toothless for a walk?"

"But mum.." I said in a whine voice

"No buts" she replied while giving me a stare " i know you just lost Astrid and your hurting, but you need to get out there and enjoy the day, plus it would do wonders for you"

"OK fine mum" i replied " a walk would be a good thing for me and toothless"

I call for toothless and he comes running, toothless sits at my feet and gives me one of his smiles, i found toothless around 3 years ago in a alleyway where i was cutting myself. He was abound by his family he had no teeth and his left back paw was missing, when he look at me i knew he was the same as me ... Abound, forgoten and alone, so i took him home and raised him. When he was of age to fight on his own i took him to the cove to set him free but he just stay, he has been by my side ever since.

"Come on bud , lets go for a walk" i say with a fake smile.

timeskip

i just walk with toothless around berk just talking to him about what happend with ... her, i missed her so much i want her back but i need time to recover. i just kept my head down so no one can see my pain and sadness, during the walk i must of zoned out beacause the next thing i remember is that i am at astrids home in front of the door ready to knock. every fiber in my body want to knock but i could not bring my self to do it, i just sigh loudly and head back to toothless who was wait for me by the road, just then i heard a creeking sound of the door , i turned around to see Mr Hofferson.

"Hiccup" he said "Can i help you?"

"No sir" i replied "i just made a mistake" as i walked back up to him

"Astrid told me what happend" he replied " its not your fault son, so stop beating your self up ok and if you need anything just ask"

"I know sir" i replied " Thank you , Can ... you tell her i said hi and i miss her"

with that i walk back to toothless who was staring at something, i look at where he was looking to see astrid. she look exaly the same as me she aged 10 years in 1 day, god i missed her and she was still beautiful. i really want to up to her and hug her and hold her but i just bow my head in shame and walked away.

Astrid Pov

I was awoken by noise at the door downstairs, it was my father talking to someone it only took me a few seconds to recognize that voice its ... hiccup. i just want to run down and kiss him , hold him and apologize to him , but before i could he was gone so i went to the window to watch him go. before he left he look at me and what i saw broke my heart, the hiccup i loved was gone, he had red puffy eyes, bags under his eyes , his stubble growing and his hair unkept and his hands in bandages i hope he is not cutting again. but the worst thing is that the green forest eyes full of life of soul that i loved were going only replaced by dark brooding gray like someone rip his soul out that when my heart drop to darkest pits of my Stomach. and after a few second stare he bow his head down and left. just then my father came in to my room.

" Hey sunshine" he said "how are you"

" horrible , was that hiccup" i replied

" yes" he replied " he said hi and he miss you, i thing he wants you back but you hurt him and he needs time to recover"

"i know" i replied " that why i going to get him back"

"how?" he asked

"i dont know" i replied

" i know you will think of something" he replied and he kiss the top of my forhead and leaves.

i think " i hope i do" then i text hiccup to no avill and decide to have a shower and carry on what left of the day.

Hiccup Pov

as i arrived home my phone went of it was a text from astrid saying "Call me please ,i miss you xoxoxo love you" like in hell i am calling you. as i walk in the house toothless goes to place on the couch and enjoys what warmth the sun can offer before it disappeareds. just then i am greet my mum from kicthen

"fishbone" he said "get up... NOW"

i get up from my table and say to him " What do you want"

"I just want to say" he replied " that astrid was a good fuck man, that whore had some nice tits and a nice tight pussy" he had a giant grin on his face, as my rage rised i just scrunch my right hand in to a fist and let him carry on with his banter.

"and when i was done with that whore she was begging..." before he could finish i have punch him right in his face and he stumbled back, cupping his nose it was bleading i must of broke it. as the floodgates of 15 years of rage came out i grabed his head and slammed into the table and i did again and again and it felt good. as he collasped i knee him in the face knock him out. just then i looked up and saw a huge croud had gather around, i saw astrid with a gob smacked look.

i look at the twints and yell at them " get this fucking piece shit cleaned up... NOW" they came running in and drag him away, i dont

How can you see into my eyes
>Like open doors?
>Leading you down into my core
>Where I've become so numb

Without a soul
>My spirit's sleeping somewhere cold
>Until you find it there
>And lead it back home

Wake me up
>Wake me up inside
>I can't wake up
>Wake me up inside
>Save me
>Call my name and save me from the dark

Wake me up
>Bid my blood to run
>I can't wake up
>Before I come undone
>Save me
>Save me from the nothing I've become

Now that I know what I'm without
>You can't just leave me
>Breathe into me and make me real
>Bring me to life

Wake me up
>Wake me up inside
>I can't wake up
>Wake me up inside
>Save me
>Call my name and save me from the dark

Wake me up
>Bid my blood to run
>I can't wake up
>Before I come undone
>Save me
>Save me from the nothing I've become

Bring me to life

I_'ve been living a lie, there's nothing inside_
>Bring me to life

Frozen inside without your touch
>Without your love, darling
>Only you, all the life among the dead

All of this I, I can't believe I couldn't see
>Kept in the dark but you were there in front of me

>I've been sleeping a thousand years, it seems

>Got to open my eyes to everything

Without a thought
>Without a voice, without a soul
>Don't let me die here
>There must be something more
>Bring me to life

Wake me up
>Wake me up inside
>I can't wake up
>Wake me up inside
>Save me
>Call my name and save me from the dark

Wake me up
>Bid my blood to run
>I can't wake up
>Before I come undone
>Save me
>Save me from the nothing I've become

Bring me to life
>I've been living a lie, there's nothing inside

>Bring me to life

When your legs don't work like they used to before
>And I can't sweep you off of your feet
>Will your mouth still remember the taste of my love?

>Will your eyes still smile from your cheeks?

And, darling, I will be loving you 'til we're 70
>And, baby, my heart could still fall as hard at 23

>And I'm thinking 'bout how people fall in love in mysterious ways
>Maybe just the touch of a hand
>Well, meâ€”I fall in love with you every single day

>And I just wanna tell you I am

So honey now
>Take me into your loving arms
>Kiss me under the light of a thousand stars
>Place your head on my beating heart
>I'm thinking out loud
>That maybe we found love right where we are

When my hair's all but gone and my memory fades
>And the crowds don't remember my name
>When my hands don't play the strings the same way
>I know you will still love me the same

'Cause honey your soul could never grow old, it's evergreen

>And, baby, your smile's forever in my mind and memory

>I'm thinking 'bout how people fall in love in mysterious
ways
>Maybe it's all part of a plan
>Well, I'll just keep on making the same mistakes

>Hoping that you'll understand

But, baby, now
>Take me into your loving arms
>Kiss me under the light of a thousand stars
>Place your head on my beating heart
>Thinking out loud
>That maybe we found love right where we are

So, baby, now
>Take me into your loving arms
>Kiss me under the light of a thousand stars
>Oh, darling, place your head on my beating heart
>I'm thinking out loud
>That maybe we found love right where we are
>Oh, baby, we found love right where we are
>And we found love right where we are

10. Chapter 10

Jack POV

As i grab hiccup and lead him to thei rose garden, i pull out my phone and text M.

"Hey M, i have hiccup and on my way to the rose garden how is your end?"

I get a text reply immediate " all good J , i all ready done my part and i am waiting in position, see you soon :)"

As i put the phone back in my pocket , hiccup starts to ask questions but i just stay silent until we get to the northern rose garden door.

"OK hiccup, shut up and listen" i said he looks at me with a blank face " i need you to turn around and close your eyes"

He sighed in defeat and turns around, i grab a red blindfold from my pocket and tied around his eyes "so you don't peek" i said as i finish the knot, then i open the door and lead him to the bench in the middle of the garden, i could see that Astrid was already there. I sat hiccup down on the bench and left for the door as i was half way in the doorway and i said " you may take off your blindfolds" and closed the door and locked it and its not opening again unless they come out together.

five minutes earlier

Astrid POV

I was in tears as hiccup finished the song i loved it... He loves me, i am so happy, as i got lost in my world i did not see merida in front of me.

"Hey Astrid" merrida said "you OK"

"He still loves me" i replied "i need to find him and fix this"

"Slow down there cowgirl" she replied "first thing first i need you to show you something in rose garden please"

"OK" i replied "why?"

"Just follow, OK?" She replied

As she drag me off through the empty halls of the school, i kept asking questions but she stayed silent until we got to the door of the rose garden.

"OK Astrid" merida said "be quite and turn around and close your eyes"

I did as she said to because i did not want to fight , i just wanted to find hiccup, after closing my eyes i feel a blindfold go over my eyes.

"No peeking" merida said

I was guided by her to a bench in the middle of the garden by her. As we reach the bench i was made to sit on it.

"OK astrid" she said "sit here here and wait for more orders, OK?"

"This is crazy" i replied " i need to be out there finding hiccup"

"Just sit here and wait for orders" she replied "and do not take off that blindfold"

And with that she walked away to the door and locked it, so its just me here until two minutes later i hear a door open and can hear footsteps coming to me , i think to my self " i hope its not snotlout". Just then i feel another person sitting beside me and more footsteps walking away until i hear jack say " you can take off your blindfolds now" and shuts the door and locks it.

Hiccup POV

As i take off my blind fold to be greeted by a beautiful rose garden litted with candles and soft music playing in the background, but i see the most important and beautiful thing... Astrid. As she takes off her blindfold and looks around and finally lays eyes on me.

As we see each other we blurt our names at the same time and laugh.

"So this your great plan guys" i said in loud condescend voice so jack and merida can hear, i receive a few snickers from behind close doors, just then Ed Sheeran think out loud starts to play, and i turn to Astrid.

"May i please have this dance please" i say with my hand out, she nods and takes my hugs my torso and resting her head in my chest and i rest my chin on her head and we start to move, as the song plays on i think to my self "this is it now or never".

"Astrid i ..." I was interuped by her.

Astrid POV

"Astrid i..." Hiccup said before i interuped him.

"Hiccup" i said " i am a fool, a big fool that lost the most caring beautiful, funny man in the world for a rock and i am sorry hiccup, i am sorry i hurt you i know that your hurting and doing dumb things but just know i love you and i have never stopped loving you even..." Just then his hand went under my chin and raised my head so his eyes were staring at mine.

"Astrid" he replied " i am the fool not you, i should of support you but instead i hurt more by ignore you and disowned you and for that i am sorry, and i still love and always will love you" then he kissed me , it took a few secdons to realize what is happening but after secdons i returned the favour, after the kiss that it seemed to last

for ever, he stopped and ask me something.

"Astrid" he said "may you please take this sad old man that loves you so much, who is a fool back please?"

Just then i give him a sharp jab to the shoulder

"Ow" he replied

"That for putting threw hell and calling me a whore" i said

Then i kiss him, he was shocked first but then a few second later he returned the favour.

"That for everything eles" i said

"Is that yes" he asked

"Of course" i replied

Just then the doors opened and jack and merida came running at us and squash us in a hug sandwich.

"OK guys" hiccup said still squash " lets get this place cleaned up and head back"

six months later

As me and hiccup walked the empty halls of the school hand in hand after our graduation think of all good and bad times of high school. Hiccup spoke up

"I am going to miss this place, even the bad times and the accent" he said

"Hiccup" i looked at him " thats behind us and we have the future to look forward to OK" we were stand just front of the doors.

"Yeah your right m'lady" he looked at me and kiss me on my fore head "you ready"

"Lets do it" i replied

Hiccup POV

As we walked threw the doors for one final time, i was just thinking of all the good time with Astrid and the future we have at university. I looked at her and smiled

"You ready to go" i asked her

"Always"
